

Carbon Reduction Plan

UNOQUIP GmbH

UNOQUIP GmbH is committed to achieving net zero emissions by 2045.

Baseline Emissions Footprint vs Current Emissions Footprint

Baseline emissions are a record of the greenhouse gasses that have been produced in the past and were produced prior to the introduction of any strategies to reduce emissions. Baseline emissions are the reference point against which emissions reduction can be measured.

Emission Scope	Baseline Emissions, 2025 (tonnes CO2e)	Current Emissions, 2025 (tonnes CO2e)
Scope 1	0.0000	0.0000
Energy Purchased (Sites, Other Emissions)**	0.0000	0.0000
Company Cars (Company Cars, Other Emissions)	0.0000	0.0000
Delivery Vehicles (Delivery Vehicles, Other Emissions)	0.0000	0.0000
Air Conditioning / Refrigerants (Other Emissions)	0.0000	0.0000
Scope 2	0.0000	0.0000
Electricity (Sites, Other Emissions)**	0.0000	0.0000
Scope 3	40.5053	40.5053
Purchased Goods and Services (Sites, Other Emissions)**	0.0000	0.0000
Capital Goods (Other Emissions)	0.0000	0.0000
Fuel & Energy Related Activities (Other Emissions)	0.0000	0.0000
Upstream Transportation & Distribution (Freighting Goods (Upstream), Other Emissions)	6.9963	6.9963
Waste Generated in Operations (Waste Disposal, Other Emissions)	0.0000	0.0000
Business Travel (Hotels, Air Travel, Public Transport & Hire Cars, Employee Owned Vehicles, Company Cars, Other Emissions)	6.7789	6.7789
Employee Commuting (Home Working, Employee Commuting, Other Emissions)	2.2036	2.2036
Upstream Leased Assets (Other Emissions)	0.0000	0.0000
Downstream Transportation & Distribution (Freighting Goods (Downstream), Other Emissions)	24.5265	24.5265
Processing of Sold Products (Other Emissions)	0.0000	0.0000
Use of Sold Products (Other Emissions)	0.0000	0.0000
End of Life Treatment of Sold Products (Other Emissions)	0.0000	0.0000
Franchises (Other Emissions)	0.0000	0.0000
Investments (Other Emissions)	0.0000	0.0000
Total	40.5053	40.5053
** Generated from renewable sources	0.0000	0.0000
* includes WTT		

Carbon Reduction: Projected vs Actual

In order to continue our progress to achieving Net Zero, we have adopted the following carbon reduction targets. We project that carbon emissions will decrease over the next years to 4.0505 by 2045 this is a reduction of 90%

Information About our Organisation

Scope 1 - There are no emissions associated with Scope 1
Scope 2 - There are no emissions associated with Scope 2
Scope 3 Category 5 Waste Generated in Operations - There are no emissions associated with Scope 3 Category 5

Additional Details About our Emissions and Targets

Year	Comments

Carbon Reduction Projects

The following environmental management measures and projects are currently in progress or have been completed since the 2025 baseline.

Actions In Progress

Reduce business car travel through smarter planning

Target Completion Date: 31/12/2027

Objective

To reduce emissions from business car travel by improving journey planning and promoting lower carbon alternatives.

Target

Achieve a measurable reduction in business car mileage by encouraging meeting stacking, increased use of online meetings, and more efficient travel planning.

Action, Improvement or Control

Staff will be encouraged to reduce unnecessary car journeys by combining multiple meetings into a single trip where practical. Employees will be supported to use online meetings instead of travelling when face to face attendance is not essential. Forward planning of appointments will be promoted to minimise repeat journeys and consideration of public transport will be encouraged where suitable.

Expand the scope of the emissions calculated

Target Completion Date: 31/12/2027

Objective

Capture more accurately all relevant emissions data to reflect all of the organisations activities

Target

To include all relevant scope 3 categories and extend boundary from UK to global

Action, Improvement or Control

Revise data-collection protocols to capture finer metrics, involve and engage all relevant suppliers and activities across the 15 categories

Appoint a Sustainability Champion

Target Completion Date: 31/12/2027

Objective

To designate a Sustainability Champion responsible for coordinating, monitoring, and supporting all emissions-reduction activities across the organisation.

Target

Appoint a named Sustainability Champion with clear responsibilities, ensuring consistent oversight of carbon-reduction projects and regular communication across the business.

Action, Improvement or Control

We will appoint a Sustainability Champion from within the organisation to act as the central point of contact for sustainability matters. They will monitor progress against emissions-reduction actions, identify any barriers to delivery, and help ensure activities remain on schedule. The Sustainability Champion will also promote engagement by sharing updates with staff and encouraging good practice across departments.

Enhance Emissions Data Granularity

Target Completion Date: 31/12/2027

Objective

Improve the precision of our carbon reporting by capturing more detailed activity data across all emission sources.

Target

Ensure that all significant emission sources are monitored with sufficiently granular data to support accurate calculations

Action, Improvement or Control

Revise data collection protocols to include finer metrics (e.g. fuel type, distance, consumption rate)

Completed Actions

Declaration and Sign Off

This carbon reduction plan has been completed in accordance with PPN 06/21 and the associated guidance and reporting standard for Carbon Reduction Plans.

Emissions have been reported and recorded in accordance with the published reporting standard for Carbon Reduction Plans and the GHG Reporting Protocol corporate standard ¹ and uses the appropriate Government emission conversion factors for greenhouse gas company reporting ².

Scope 1 and Scope 2 emissions have been reported in accordance with SECR requirements, and the required subset of Scope 3 emissions have been reported in accordance with the published reporting standard for Carbon Reduction Plans and the Corporate Value Chain (Scope 3) Standard³.

This Carbon Reduction Plan has been reviewed and signed off by the board of directors (or equivalent management body).
